Illinois played good football in football that was not so good. In fact had the team played thruout as it did at intervals the score would have been twice as large.

Cully was the star of the Illinois team. In addition to running the team with good judgment Cully carried the ball consistently and his defensive play was all that could be desired. Time and again he brought down Carthage men when it seemed they were going to get away for a touch-

Rogers, Locke, Thurman, Smith and Green also played a good game when injected into the fray. Coach Harmon used practically all of his second string men at some during the game and they for the most part did good work. Andrew, Reid, Weber and Iftner did good work on the defense.

DUN'S REPORT WILL SAY

By Associated Press. NEW YORK, Oct. 22.-Dun's omorrow will say: "Widening of the scope of the conomic readjustment which be-

ably reected in reports from practically every idustry and trade of importance. After a period of unprecedented expan sion and inflation business is now experiencing the inevitable reacion, with varying degrees of unsettlement and embarassment accompanying the transition. From the abnormally low levels of last 70% year, failures have risen abrupt ly in both number and magni tude, showing that many of the weak spots are coming to the surface. Skepticism as to the genuineness of the downward price movement has been dispelled by the progressive and rapid yielding of many markets and evidence accumulates that the declines are extending to the re tail counters where clearance sales remain a conspicuous feature.'. On the Pinnacle of Favor

There is a vogue for Walk-Over style this fall. Low-heel street oxfords or the trim highheel shoes are bidding strong for popular favor. The lowheel model we show here has an almost extreme arch. Perhaps it is so popular because women notice it has the toe shape of a dress pump. Certainly it has girlish lines. Yet it is being worn effectively by women of maturer years.
